

RECORD OF TELEPHONIC INTERVIEW

On August 22, 2006, Applicants' representative discussed the above-referenced Office Action with the Examiner. Applicants' representative pointed out the structural differences between the invention and the structures disclosed in Maitra (U.S. 5,623,647) and Nanja (U.S. 20050132238) and agreed to supply an Amendment to clarify the features present in the invention.
